ONE DROP
BREWING CO.

FIRST RELEASE IN EUROPE!

One Drop Brewing Co. from Sydney is one of Australia's most colourful and forward-thinking breweries. Founded in 2019 in Botany, the brewery takes its name and spirit from the one drop beat that drives reggae music: community, freedom and creative self-expression run through everything they brew.

Indulgent stouts and fruit-forward sours form the core of their range, with new beers dropping every month. Quality and imagination go hand in hand at One Drop. Ingredients are sourced with care, recipes are pushed to their limits, and inspiration is drawn from anywhere, from potato chips to desserts. That fearless approach has already earned them multiple awards, including gold at the Australian International Beer Awards, and their fruited sours have landed in the top ten of the GABS Hottest 100 Aussie Craft Beers. An impressive track record for a brewery still only a few years old.

For the first time, One Drop Brewing Co. is now available in Europe, exclusively through Elings Craftbeer Company. An unique chance to be among the first to pour a true piece of Australian brewing culture for your customers, straight from Sydney to your bar.

CHEERS FROM THE TEAM!
