FIRST RELEASE IN EUROPE!

Samata Brewing from Bangkok is one of Thailand's most inventive and fast-rising craft breweries. Founded by Supachote "Chote" Chantanasuksilpa, a graduate of the Academy of Art in San Francisco, the brewery treats brewing as a creative medium. After starting out with hazy IPAs, it's Chote's fruited sours that have made Samata a name spoken with real excitement across the Thai beer scene.

Dessert-inspired fruited sours are the heart of the range, built around local Thai flavours you won't find anywhere else, from Mango Sticky Rice to Thai tea with yuzu and Lod Chong cheesecake. Only 100% real fruit goes in, never concentrates or syrups, with every recipe pushed to capture a whole Thai dessert in a can. That flavour-first approach has already earned silver at the Asia Beer Championships and a growing reputation at festivals like Mikkeller Beer Celebration Copenhagen.

For the first time, Samata Brewing is now available in Europe, exclusively through Elings Craftbeer Company. An unique chance to be among the first to pour a true taste of Thailand's new-wave brewing culture for your customers, straight from Bangkok to your bar.
